

2017 New Greens

Bullseye is adding more green to our already vast palette of colors, thanks to the wizards in our Production department. All styles will be available in both -0030 (Double-rolled, 3 mm) and -0050 (Thin-rolled, 2 mm).

NAME		WORKING NOTES	COMPARE
<u>Citronelle Opalescent</u> <u>000221</u> Price code: C		Contains sulfur. May react with copper, lead and silver to create a dark interface. Lightly variegated throughout.	 <u>Golden Green 000227</u>
<u>Avocado Green Opalescent</u> <u>000222</u> Price code: C		Contains sulfur. May react with copper, lead and silver to create a dark interface. Lightly variegated throughout.	 <u>Olive Green 000212</u>
<u>Mountain Green Opalescent</u> <u>000223</u> Price code: C		Contains sulfur. May react with copper, lead and silver to create a dark interface. Lightly variegated throughout.	 <u>Dark Forest Green 000141</u>
<u>Steel Jade Opalescent</u> <u>000345</u> Price code: C		At tack fusing temperatures, the surface frequently develops a metallic gray film. This usually disappears at full fusing temperatures. Cap with clear to insure a consistent opal green. To maintain the metallic effect, fire for 2 hours at tack fusing temperature. Contains copper. May react with selenium and sulfur.	 <u>Jade Green 000145</u>
<u>Gray Green Opalescent</u> <u>000349</u> Price code: B		May have a dappled surface.	 <u>Deco Grey 000136</u>
<u>Deep Green Transparent</u> <u>001212</u> Price code: C	 	Striker. Cold sheet, medium dark blue with yellow streaks. Contains sulfur. May react with copper, lead and silver to create a dark interface. Dark green similar to 001112, but without the aventurine sparkle.	 <u>Aventurine 001112</u>
<u>Ginkgo Green Transparent</u> <u>001213</u> Price code: C	 	Striker. Cold sheet, medium blue with yellow streaks. Contains sulfur. May react with copper, lead and silver to create a dark interface.	 <u>Kelly Green 001145</u>
<u>Lemon Lime Green Transparent</u> <u>001422</u> Price code: C	 	Striker. Cold sheet, pale blue with yellow streaks. Contains sulfur. May react with copper, lead and silver to create a dark interface.	 <u>Chartreuse 001126</u>
<u>Vernal Green Transparent</u> <u>001427</u> Price code: C	 	Striker. Cold sheet, light blue with yellow streaks. Contains sulfur. May react with copper, lead and silver to create a dark interface.	 <u>Spring Green 001426</u>

 Cold sheet color differs from fired sheet color
